Welcome

Welcoming strangers is a deep-rooted message of our faith and is mentioned throughout the Bible repeatedly as part of what makes our faith communities distinctive.

The UK is expecting to welcome a significant number of people from Hong Kong in the near future as people take advantage of the UK government's British Nationals (Overseas) visa scheme. It is important that UK churches are ready to welcome new arrivals from Hong Kong, and to this end, our Benefice is registered with UKHK.org as a Welcome Church. This means that, should any people arrive from HK, they know that they can make contact with a church where people will help them find their feet and settle into life in the UK.

This can take practical forms including walking with them around our villages to show them local amenities, telling them how to register with a GP, how to access local services and so on, but it also takes the form of welcoming them into our church communities.

There are training videos and materials available for those who would like to join our HKUK welcome team. If you would like to be involved, please let the parish office know, and Rev'd Nick will be in touch with details of how to access the training materials.
