The Impossible Self-Transfiguration of Fryer Michael - a tale of peace

A series of short, seemingly secular stories by The Reverend Nick Morgan.

Wrap up warm as we gather around an imaginary campfire in a cold church as a tale is told, truth is pondered, and a pint in a warm pub is anticipated...

Through the season of Advent, we focus on themes including Hope, Love, Joy, and Peace as we prepare our hearts to celebrate the birth of Jesus.

In these tales (and a short reflection and prayer after each one) the author ponders these Advent themes. The sessions are short (half an hourish) and conclude with an optional pint with the author in The Crown.
